Serial No.: 10/644,333

Docket: 1/1196-1-C1

For: Compounds For Treating Inflammatory Diseases

Petition to Revive Application as Abandoned Under 37 C.F.R. § 1.181(a)(1)

Dear Sir:

This is a petition to revive U.S. Patent Application 10/644,333, filed on August 20, 2003, (hereinafter "the Application")

I. The U.S.P.T.O. has the authority to withdraw the holding of abandonment based on failure to receive office action. See *Delgar. V. Schulyer*, 172 USPQ 513 (D.D.C. 1971):

In *Delgar. V. Schulyer*, 172 USPQ 513 (D.D.C. 1971), the court decided that the office should mail a new Notice of Allowance in view of the evidence presented in support of the contention that the applicants's representative did not receive the original Notice of Allowance. Under the reasoning of *Delgar*, an allegation that an office action was never received may be considered in a petition to withdraw the holding of abandonment. If adequately supported, the Office may grant the petition to withdraw the holding of abandonment and remail the office action. That is, the reasoning of *Delgar* is applicable regardless of whether an application is held abandoned for failure to timely pay the issue fee (35 U.S.C. 151) or for failure to prosecute (35 U.S.C. 133).

II. The Showing Requirement:

The showing required to establish nonreceipt of an Office communication must include:

- (a) a statement from the practitioner stating that the Office communication was not received by the practitioner; and
- (b) attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received.
- (c) a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

In consideration of these requirements, the practitioner, Andrea D. Small, Reg. No. 54,859, attests the following:

- (a) The office communication of October 15, 2004, was not received by the practitioner;
- (b) A search of the file jacket and docket records (see Exhibits A, B and C) indicates that the Office communication was not received. Exhibit A is a copy of the electronic List of Actions logged for the case where no log was entered for a Office communication dated October 15, 2004; Exhibit B is a copy of all replies docketed for a date three months from the mail date of the nonreceived office action, where no due date was generated for Office communication dated October 15, 2004; and Exhibit C is a mail log for the period starting October 15, 2004 through November 17th, 2004, where no entry of an Office communication was made for the aforementioned case. Also attached is Exhibit D, which is a statement from practitioner's docket manager, Nancy O'Grady, indicating common practice at practitioner's for mail log entries.

III. Applicant has satisfied all the requirements of *Delgar. V. Schulyer*, 172 USPO 513 (D.D.C. 1971) and the petition to revive the Application should be granted

As noted above, applicant has authorized that the fee due under 37 C.F.R. § 1.17(h) for consideration of this petition be charged to Deposit Account 02-2955. Applicant hereby additionally authorizes that the fee for filing of the national application be charged to Deposit Account 02-2955. Lastly, applicant hereby authorizes that any additional fees or any overpayments in connection with this petition and the filing of the national application be charged or credited to Deposit Account 02-2955. A duplicate of this petition is enclosed for the convenience of the U.S.P.T.O.

Respectfully submitted,

Andrea D. Small, Reg. No. 54,859

IN THE UNITED STATES PATENT & TRADEMARK OFFICE

Applicant: Bernd DISSE

Serial No.: 10/644,333

Filed: 08/20/2003

Docket: 1/1196-1-C1

For: Compounds For Treating Inflammatory Diseases

STATEMENT BY NANCY O'GRADY
EXHIBIT D

Dear Sir:

I, Nancy O'Grady, solemnly state and declare as follows:

1. I am an employee in the Intellectual Property Department (hereinafter 'the Department') at Boehringer Ingelheim and I joined the Department in July 2003 as an Administrative Assistant, and I presently hold the position of Patent Administrator. In my current capacity I log the incoming and outgoing mail including official communications from the USPTO such as Official actions.

2. I attest that the documents submitted by practitioner, Andrea D. Small, Reg. No. 54,859, in support of the petition to revive application number 10/644,333 are complete and accurate to the best of my knowledge. These documents include:
(a) a copy of all replies docketed for a date three months from the mail date of the nonreceived office action, where no due date was generated for Office communication dated October 15, 2004 (Exhibit B); and
(b) copies of the official log entries for incoming and outgoing mail during the time period between October 15, 2004 and November 17, 2004, where no entry of incoming mail for communication dated October 15, 2004 for application 10/644,333 was made. (Exhibit C).

3. I aided the practitioner in her search for the Office communication of October 15, 2004 in relation to application number 10/644,333 and the search did not yield any evidence of receipt of said Office communication by our Department.

The undersigned declares further that all statements made herein of her own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
